Tell us about your work within scope of the money laundering regulations

19 May 2022

[Updated 8 June 2022]

As an anti-money laundering supervisor under the Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017, we have to assess the risk of the law firms we supervise.

To help us do this, we are collecting information from your firm about work that falls under the money laundering regulations.

The deadline to submit the information is 31 July.

How to complete the submission form

On 6 June, we emailed Compliance Officers for Legal Practice (or authorised signatories in some cases) a unique hyperlink to their firm's online form. Follow the link in the email to access the form and guidance to help you complete it.

Firms not in scope of AML regulations

If your firm is no longer in scope of the money laundering regulations, you must respond accordingly in your firm's online form. If your firm is no longer in scope, you also need to complete a form (Form FA10b) in mySRA to amend your firm's authorisation records. [Log in to mySRA](https://consultations.sra.org.uk/mysra/) [https://consultations.sra.org.uk/mysra/], select **Start a new application**, then, **Organisation applications**, then, **Make changes to your anti-money laundering authorisation**.

Questions in the submission form

Where we ask for information in relation to 'the last year'. Please choose the time period that works for your firm. This could be:

- the last calendar year
- the last tax year or
- the last year to date
- the last business year.

If you cannot answer a question exactly (eg because your firm has not been trading for a full year), please try to estimate the correct answer. If

that is not possible, you may submit a response of 'don't know.'

When estimating, please try to provide the most accurate information that you can.

For example, when you are asked about what is in scope of AML, try to avoid answering on the basis of all work both in and out of scope where this would be unrepresentative. In other cases, it may be helpful to estimate the answer for all of your firm's work, and then reduce by the proportion of work out of scope.

If you have subsidiaries or offices outside England and Wales, please do not include work done from these if possible.

We are not at this stage asking for you to supply any documents or supporting evidence.

 - Yes, with a licence from OFSI
 - Yes, without a licence from OFSI
 - No
 - Don't know

Why are we asking for this information

This will help us assess the AML risk posed by the firms we regulate. We will not use the answers to any one question to automatically rate a firm as being high-risk.

For example, a firm is not necessarily high risk because they sometimes deal with physical cash, but higher acceptance limits may be indicative of higher risk in some firms.

If you do not submit the information by the deadline, we may have to take regulatory action.

Help submitting your information

To help you prepare your responses, you can download a copy of the questions here - in MS Word format or PDF. However, you must submit your firm's responses online, following instructions we emailed your firm on 6 June. Responses submitted by email or post cannot be acknowledged or processed.
