Name: Jerome & Co Solicitors Limited

Address(es): 3 Steephill Road, Shanklin, PO37 6AB

Firm ID: 472197

### **Outcome details**

This outcome was reached by SRA decision.

#### **Decision details**

The firm was fined for failing to ensure it had relevant documentation in place to prevent activities relating to money laundering and terrorist financing as required by The Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017 (MLRs 2017).

#### **Facts of the misconduct**

The firm is an 'in scope' firm for the purposes of the MLRs 2017.

The SRA's anti-money laundering (AML) proactive supervision team carried out a desk-based review of the firm to assess its compliance with the MLRs 2017. In April 2024, an SRA AML Associate notified the firm that he had concerns about its compliance with the requirement for a

documented firm wide risk assessment (FWRA), which resulted in a referral to the AML investigation team.

The firm was provided with guidance and took steps to rectify the issues and bring itself into compliance with the MLRs 2017.

It was found that the firm:

1. Between 26 June 2017 and April 2024, failed to have in place a documented assessment of the risks of money laundering and terrorist financing to which its business was subject (a firm-wide risk assessment (FWRA)), pursuant to Regulations 18(1) and 18(4) of the MLRs 2017.
2. Between 6 October 2011 and 25 June 2017, failed to establish and maintain appropriate and risk-sensitive policies and procedures pursuant to Regulation 20 of The Money Laundering Regulations 2007 (MLRs 2007).
3. Between 26 June 2017 and September 2023, failed to establish and maintain policies, controls and procedures (PCPs) to mitigate and effectively manage the risks of money laundering and terrorist financing, identified in any risk assessment (FWRA), pursuant to Regulation 19(1)(a) of the MLRs 2017.

And in doing so, to the extent that the conduct took place between 26 June 2017 and 24 November 2019, the firm breached Outcomes 7.2 and 7.5 of the SRA Code of Conduct 2011 and Principles 6 and 8 of the SRA Principles 2011, and to the extent that the conduct took place from 25 November 2019 onwards, the firm breached Principle 2 of the SRA Principles 2019 and Paragraphs 2.1(a) and 3.1 of the SRA Code of Conduct for Firms 2019.

### **Decision on sanction**

It was decided that a financial penalty was an appropriate and proportionate sanction. The firm was directed to pay a financial penalty of £12,194 and ordered to pay costs of £1,350. This was because the firm's conduct was serious by reference to the following factors in the SRA Enforcement Strategy:

- The findings relate to breaches of the MLRs 2017, which protect the public from the serious consequences of money laundering and terrorist financing. The associated risks were heightened given the high proportion of the firm's work that was 'in scope' of the MLRs 2017.
- The firm failed to have proper regard to the SRA's guidance and warning notices which explained what was required, the risks that failure to comply with AML requirements posed, and the regulatory consequences of failing to comply.

- Its conduct was a breach of its regulatory obligations which persisted for longer than was reasonable.
- The firm was responsible for its own conduct which was serious and had the potential to cause harm to the public interest and to public confidence in the legal profession.
- Any lesser sanction would not provide a credible deterrent to the firm, and others. A credible deterrent plays a key role in maintaining professional standards and upholding public confidence.

In view of the above, the firm's conduct was placed in conduct band C which has a financial penalty of 1.6% to 3.2% of annual domestic turnover. The firm's conduct was placed at band C2 (2% of annual domestic turnover). The following mitigating factors were considered:

- The firm had co-operated with the SRA's investigation.
- The firm had taken steps to bring itself into compliance with the rules.

The financial penalty was reduced by 20% in recognition of these factors.
